## Calgary Rink Takes Top Honors In Ladies 'Spiel

The Vulcan Ladies' Bonspiel was concluded on Saturday evening with out of town rinks capturing the majority of the honors. In the First Event the Tommy Snidell rink from Calgary won first prize.

The winning foursome were Mrs. Snidell, Ruby Adams, Mary Christensen and Les Sweeney. Runner-up in this event was the Leslie rink of Mossleigh followed by Mabel Rea of Vulcan and Alberta Lindquist of Blackie.

Eva McKay and her rink of Sophie Jorstad, Nellie Slott and Inez Prater were tops in the Second Event, defeating the Dorine Holm foursome from Champion. Third and fourth were Gwen McKay of Vulcan and Eva Elliott of Mossleigh.

Winner of the Third Event was Dorothy Armstrong of Calgary with Lenore Shaw, Dorothy Davies and Bert Morgan. Irma Middleton, Vulcan, was second followed by Viola Mensinger, Vulcan and Lyla McAllister of Lethbridge.

A total of 20 rinks competed and the ladies held a gala banquet in the curling rink lounge on Friday evening. It seems that some of the "boys" tried to crash the party and were their faces red!

## Const. Knox Posted To Red Deer

Constable Robert Knox of the RCMP at Vulcan has been transferred to the Red Deer detachment and, with his family, leaves Vulcan on Feb. 1. Const. and Mrs. Knox have made many friends during their stay here and best wishes are extended to them as they leave Vulcan.

Constable William Patton of the Blairmore detachment will be in charge of the Vulcan RCMP detachment for the first two weeks in February, pending the arrival of Constable Les O'Brien of Foremost, who has been posted to Vulcan to replace Const. Knox. Const. and Mrs. O'Brien and their three children will take up residence in the new RCMP barracks here.

## Regular Meeting Ladies Auxiliary

Fourteen members of the Ladies' Auxiliary to the Canadian Legion answered roll call at the regular meeting, held Wednesday, Jan. 20, in the Legion Hall. Mrs. A. C. Marsh, the newly elected president, was in the chair and conducted the meeting assisted by the secretary, Mrs. E. Jones.

The auditor's report was given showing an active and successful year. Correspondence was light and dealt with routine matters. Reports of the committees were received and new committees for the next three months were named.

Final plans were made for the card party to be held the following evening, and the date for the next party was set for Wednesday, Feb. 3, in the Legion Hall.

Mrs. Harold Stewart, a member who will leave shortly to join her husband in Ontario, was presented with a silver maple leaf, with the Legion Auxiliary crest.

Mrs. Jack Marshall was named to represent the Auxiliary on the Library Board.

At the conclusion of the business session lunch was served by a committee.

Guests of Mrs. Stella Atkins, held in Lethbridge on Saturday, Jan. 23, Mr. and Mrs. Donnie Roemmele and family of Claresholm were Sunday dinner guests at the home of Mr. and Mrs. Loren Roemmele.

Mrs. Dale Clark entertained the West Country Women's Club on Wednesday afternoon, with nine members being present. The roll call was answered by each one bringing a keep-sake and telling something of interest about it. Mrs. Len Bache won the hostess prize.

John McFarland, Dale Clark and Gilbert McGinnis were recent overnight visitors in Calgary, where they participated in curling.

HER ROYAL HIGHNESS Princess Margaret arriving at a reception at St. James's Palace, London, given by the Soldiers', Sailors' and Air-men's Association. The Princess

was deputized for Queen Elizabeth the Queen Mother, who was suffering from an attack of influenza and unable to fulfill her engagements.

## To United Nations

## Odd Fellows Sponsor Pilgrimage For Youth

Next July ten Alberta students will have the privilege of being included in a group of young people from Canada and the United States going on an all-expense tour by bus, to New York, to observe the United Nations at work.

They will be winning competitors in speaking contests sponsored by the Independent Order of Odd Fellows, which includes the Rebekah, Subordinate, Encampment and Canton branches. They will pass through Canadian cities such as Ottawa, Montreal, Quebec, before arriving in New York. There they will spend a week along with over a hundred students and leaders from all over Canada and the United States, visiting points of interest. The main purpose of this educational tour is to be able to see the workings of the United Nations, meet delegates from other countries, sit in on any meetings or committees in session at that time, such as the Trusteeship Council, the departments W.H.O. and U.N.C.E.F. This will be an experience of a lifetime.

Competitors must be at least 16 years of age and not more than 17 years on Aug. 1, 1960, and have one more year in high school. Applicants, to qualify, must stand high in character, be of above average ability, interested in community, church and school activities, as well as possess qualities of co-operativeness and leadership. Selected delegates must fulfill the necessary health and physical requirements.

Application forms are obtainable from any lodge of the Order of Odd Fellows, and may be secured by contacting any active member. Competitors will be required to take part in a local public speaking contest, speaking for ten minutes, on a topic taken from a selected list.

Following is the list of topics, from which the competitor is privileged to make a selection: Education in self-government — in underdeveloped areas and emergent nations.

What contribution to international relations has been made by the International Court of Justice? What has the United Nations achieved in South-East Asia? French Guinea has joined the United Nations. Why?

One aspect of the U.N. activity is of special interest to me: The solution of a divided Germany, as a vital U.N. problem in the cause of peace.

Desired amendments to the U.N. Character. (a) Purpose of amend-

ments — to make U.N. a more workable and realistic institution; (b) Suggested amendments and their effects.

In Vulcan the Odd Fellows Order is represented by Samaritan Lodge, I.O.O.F., and Cloverleaf Rebekah Lodge; in Milo by Milo Lodge, I.O.O.F., and Roseleaf Rebekah Lodge; in Blackie by Plainview Lodge, I.O.O.F., and Fairview Rebekah Lodge, and by lodges in

## SERVICE BOARD NOTES

Norman Soder

The Plants Products Division, Canada Department of Agriculture has imposed a maximum limit of 16.5 per cent moisture for wheat, oats, barley or rye and 12.5 per cent for flax. Any seed containing moisture in excess of these limits usually give poor germination results due to a dormancy factor. Under field conditions such seed may tend to rot in the ground rather than germinate and if the spring should be cold and damp the situation would be considerably worse.

Research at the Lacombe Experimental Farm over the past two years points to a useful method of loose smut control in barley. This method requires the use of large seed which definitely shows advantage in that large seeds carry less smut infection. Another advantage, while not as definite as the loose smut factor, is that it is strongly indicated that increased yield as well may be obtained from the use of large seed.

Among matters discussed by the Alberta Varietal Zonation Committee during their recent meeting in Edmonton where the newly-licensed wheat varieties, Pembina and Canthatch.

A statement from the committee indicated that Pembina is lower yielding than Thatcher. It was developed primarily for the rust areas of Southern Manitoba and Eastern Saskatchewan where rust resistant varieties must be grown. Alberta tests on this variety thus far indicate that it is two days earlier but about ten per cent lower yielding than Thatcher. It is anticipated that this variety will not prove satisfactory for production in Alberta.

Canthatch appears to be equal to Thatcher in yield, earliness and straw strength in all Alberta tests. It is similar to Thatcher in all

## Badminton Club Visits High River

Two carloads of Badminton players from the Vulcan club were at High River on Wednesday, Jan. 21, for an evening of play. About 30 members of both clubs drew courts for eight games before lunch was served.

An enquiry from "Red" Walsh, who played with the local club last year, regarding a trip to Calgary to play with the air force Badminton club, has been received.

Election of officers will take place Thursday night, Jan. 28, at the Armouries and it is hoped more inter-club play can be arranged during the next two months.

The Vulcan group are not throwing out any challenges but need the increased activity between clubs to keep interest in the sport.

## Veterinarians To Hold Conference

Alberta veterinarians are meeting in Red Deer, Jan. 29 and 30, for the groups annual mid-winter conference. About 80 veterinarians are expected to attend the sessions, which will include conferences on Friday and a business meeting and scientific program on Saturday.

Dr. W. G. Harrison of Stettler will preside, and chairman of local arrangements is Dr. R. J. Marra, Red Deer. Speakers will include Dr. J. G. O'Donoghue of the Veterinary Services Branch, Edmonton and Dr. G. K. Weir of Lloydminster.

Dr. B. W. Tonken of Vulcan will attend the conference.

## Operator, Agent Closes Rail Career

William Gilbert Pierson of Brooks, Alta., who first joined the Canadian Pacific Railway, year 1911 as assistant agent on the Taber division and later worked as operator and agent at various stations such as Vulcan, Lethbridge, Raymond, Coaldale, Kipp, Burdett, Magrath and Brooks, enters retirement Feb. 1.

Mr. Pierson leaves behind him a splendid record of 48 years service.

## THE WEATHER

The last few days have been featured by changeable weather, with short-lived Chinooks battling against Arctic fronts. The mercury sank to 10 below Monday night and the forecast high for Tuesday was 10 above, but a sudden Chinook made its appearance Tuesday afternoon with a consequent moderation of temperature.

The forecast, for what it's worth, was for colder weather again on Wednesday.

Daniel Defoe, creator of "Robinson Crusoe," wrote some 30 books in the last four years of his life.

## Matlock Rink Wins District Consols Playoff

Harris Matlock and his rink of Ray Wellman, Vernal Haga and Jim Jensen, won two straight extra end games over Gale Atkinson's foursome to win the right to represent Vulcan in the British Consols District playoffs.

The District Playoffs were played in Vulcan on Sunday and Monday, Jan. 24-25, with four towns vying for the honor to advance to the Southern Alberta Playoffs at Calgary on Feb. 3, 4, 5. Rinks from Blackie (Ted Seney); Milo (Smokey Jones); Champion (Mervin Smith) and Vulcan (Harris Matlock), played a double knockout with Seney winning one section and Matlock the other.

In the sudden death final the Matlock crew got off to a fast start to lead 6-0 after four ends and wound up 11-7 winners. They now represent District 6 in the Southern Alberta Consols Playoffs.

characteristics except that it has more resistance to stem rust than Thatcher.

## Plan Daily Mail Service Arrowwood-Lomond Line

Following representations made last fall to the Post Office Department and to Lawrence E. Kindt, M.P., for Macleod, by the Lomond Lions Club, the village of Lomond and the Milo-Queenstown Lions Club, a daily mail service for Mossleigh, Arrowwood, Shouldice, Queenstown, Milo and Lomond will be instituted this spring.

These villages have for many years been on a three-times-weekly mail service. The proposed new daily service would operate from Vulcan, with incoming mails from Calgary and Lethbridge transferred to a new truck service and taken to Mossleigh, Arrowwood, Shouldice, Queenstown, Milo and Lomond. Outgoing mail would arrive back at Vulcan in time to connect with the northbound trip of the Calgary-Lethbridge mail truck service. The village of Travers would be served by a suitable connecting service.

Tenders for the new mail truck service out of Vulcan have been called, with the contract effective from April 1, 1960.

## Auction Prices

A strong undertone evident at last Saturday's sale at High River Auction Mart gives every indication that the hog market could go higher. Weaner pigs sold from \$4.50 to \$7.50, feeders from \$8.00 to \$27.50 and sows from \$35.00 to \$45.00 apiece.

Good steers sold up to \$21.60 per hundredweight and heifers to \$19.30 with cows to \$14.70. Feeder steers sold to \$19.50 and feeder heifers to \$17.00. Steer calves sold up to \$23.70, heifer calves to \$18.70.

Contributors would be well advised to contact their sales representatives before bringing in their cattle, according to information received from Auction Mart officials.

## Order Trees For Shelterbelts

There is still time to order trees for planting next spring for farmstead shelterbelts, field wind breaks and roadside shelterbelts informs P. D. McCalla, Alberta's Supervisor of Horticulture. However the trees will not be supplied to farms where the land has not been summer fallowed this year.

There is still a good supply of Colorado Spruce, White Spruce, Siberian Larch, Manitoba Maple, American Elm, Caragana and Green Ash, in addition there are tall and low growing bundles.

A depth of two rows, or preferably four, should be planted. If only two rows are planted the outside row should consist of a fast growing hedge such as Caragana,

## Wolfe Takes Grand Aggregate At Milo

Four Vulcan men's rinks attended the Milo Bonspiel held last week and all ended up in the jewelry. John Wolfe of Vulcan captured his second Grand Aggregate in a row as he won the First Event with the rink of Vernal Haga, Pat Walker and Vic Rushfeldt. Stan Kehr and his mates, Glen Graham, W. Graham and Lloyd Richardson captured the Fourth Event, with the foursome of Gale Atkinson, L. Haga, Jim Clark and Walter McDermott, losing in the finals of the Third Event to get a second prize. The other Vulcan entry of Almond Hyslip, Bob Haga, Norm Bucholtz and H. Mensinger ended up with fourth spot in the Second Event.

This week there are three Vulcan rinks taking in the Champion Men's Bonspiel, so they will be expected to end up in the money as well. Skippers of the crews are Almond Hyslip, Carson McKay and Evan Munro.

In the Ladies' District Playoffs at Mossleigh on Tuesday, the Olive Leslie rink of Bessie Leslie, Aliee Thurber and Bernice Leslie, won a best two of three playoffs against Irma Middleton's Vulcan rink of Viola Mensinger, Irene Crabb and Mae Webb.

In the Canadian Legion Playoffs for the Vulcan Branch representative, the Harris Matlock foursome defeated Gale Atkinson's rink in a best of three series that went down to the last rock. With Matlock are Ray Wellman, Jim Jensen and Ray McLennan. They now meet Nanton and Staveland in a zone playoff.

and an evergreen for the remaining row. In the four row plan, start with a fast growing hedge followed by a moderately fast growing poplar or maple, then a slower growing Elm or Green Ash, and lastly a row of evergreens such as Colorado Spruce. Spacing between shrubs should be one and a half feet, other trees require from four to eight feet. Rows should be spaced wide enough so that they can be cultivated by machinery. For denser shelterbelts trees may be staggered says Mr. McCalla.

Having a plan will enable you to order trees in advance and plant them over a period of years.

For further information and application forms contact your District Agriculturist, or Field Crop Branch, Alberta Department of Agriculture, Legislative Building, Edmonton.

and are as follows: President, Jay Stotz; secretary, Leota Clark; vice-president, Lynn Greene; treasurer, David Hubka; boys' sports representative, Kenny Dahl; girls' sports representative, Lynn McFarland; social convener, Roy Hurnanen; press representative, Ellen West.

During the past year the Junior Students Union purchased a tape-recorder.

#### Senior Students' Union

On Friday, Jan. 8, the members of the Senior Students' Union elected officers for second part of the current school year. The successful candidates are as follows: President, Dennis Roemmele; vice-president, Blaise Szekely; secretary, Gayl McFarland; social convener, Carol McGinnis and Merlin

Hovde; girls' sport representative, Leona Lazo; boys' sports representative, Stewart Taylor and press representative, Brian Hubka. The treasurer, Joe Izak, was elected in September for a term of one year.

#### MRS. STELLA ATKINS

Mrs. Stella Atkins of Barnwell, formerly of Carmangay, passed away on Wednesday, Jan. 20, in the Taber Hospital.

Mrs. Stella Atkins, age 40 years, was the beloved wife of Hardin Stewart Atkins of Barnwell, formerly of Carmangay. She is survived by her husband Hardin; daughter, Eva Jean, and two sons, Jack and James.

Funeral services were held in Martin Bros., Chapel Saturday, Jan. 23, with Rev. E. Wallace of Taber officiating. Interment was in the Archmount Memorial Gardens.

### BLACKIE

The annual dinner of the Blackie Chamber of Commerce and Agriculture was held on Tuesday evening in the IOOF Hall.

The boys of Blackie, twelve years of age and under, have two hockey teams, the Bruins and the Maple Leafs.

Plainview IOOF Lodge of Blackie held their annual oyster supper on Monday evening with 75 in attendance, members being from Vulcan, Cayley, High River and Milo, as well as Grand Master A. W. Northover of Calgary, Deputy Grand L. Hillier of Pincher Creek, Grand Warden James Stier of Blackie, Grand Treasurer A. Macdonald of Calgary, Joe LeBerge, Department Commissioner of the Canton Branch and two officers, Mr. Hamilton and Mr. Beckett of Encampment.

Congratulations to Mr. and Mrs. Reg Mitten on the birth of their son Byron Earl, in the High River Hospital on Monday.

Winners of the local Brier competitions are Ted Seney and players Doug Lindquist, Fred Burley and Jack Ball. They played two games against the Jim Rockafellow team. The district playdowns are to be held in Vulcan on Sunday and Monday.

Mrs. Norman Egeland was hostess at the January meeting of the Blackie Evening Circle and assistant hostess was Mrs. Lew Brackley.

W. Netelembos, Provincial Weaving Instructor, spent the weekend at the Harley Swartz home. A party was held in his honor with guests being the members of the Blackie Weaving Club.

Mrs. Jim Stier curled in Vulcan in the ladies' bonspiel with her sisters, Mrs. Charles Steiner of Calgary, Mrs. Bob Nimz of Vulcan and Mrs. Clarence Brown of Ensign.

Also curling in Vulcan were Mrs. Dally Woodridge, Mrs. Lincoln Lindquist, Mrs. J. D. Eamor and Mrs. Gordon Seney. They were prize winners in the first event.

#### High School Event

In the district play-offs of the Taylor, Pearson and Carson High School event, the Blackie rink of Wayne Stier (skip), Jim Ellice, Don Seney and Jim Finley were victorious. Games were held in Vulcan on Sunday and Monday of this week with teams from Vulcan, Milo, Champion, Mossleigh and Blackie competing.

Play was double knockout. Blackie lost their first game but were successful in winning the remainder.

Their coach is Ted Seney who will accompany them to Medicine Hat on Jan. 28, 29 and 30, for the Southern Alberta Playdowns.

#### Ladies' Bonspiel

Eight rinks played in the Ladies' Curling Club Bonspiel with outside rinks from Brant, Okotoks, Mossleigh, Vulcan and High River. Dinner and lunches were supplied.

Prizes were won by all, the 1st in the First Event going to the Vulcan entry of Mrs. Hannah Matlock, June Wellman, Thelma Haverty and Veda Boutland, who won over Alberta Lindquist, Vivian Westersund, Irene McKeage and Marjory Weerstra. Third prize went to Mossleigh's rink of Olive Leslie, Alice Thurber, Doris Christie and Thelma Hutton and fourth to Brant's rink of Ila Ball, Mabel Shultz, Sophia Jorstad and Inez Prater.

In the Second Event, the 1st prize was won by Ann Woodridge, Dorothy Paul, Sue Eamor and Marion Eamor; 2nd prize was won by the High River entry skipped by Rose Parker, 3rd by the Okotoks rink skipped by Mrs. Carr and 4th to the Blackie rink skipped by Daphne Seney.

### ENSIGN

Congratulations to George Floboite on his 77th birthday which was celebrated on Thursday, Jan. 21, with a supper at the B. Brown home. In the evening relatives and friends gathered there to wish him many more happy years.

Hens must be getting disgusted at the low price of eggs and are trying to lay bigger ones to see if it will help. E. Brown brought one in that measured 8 1/4 x 6 1/2".

Winners of the local bonspiel that was held last week were Ken Stephenson's rink winning the First Event. Players were Ken (skip), R. Markert, Ed. Kennedy and Elsie McFadden. Winners of the Second Event were B. Brown (skip), Vern Wellman, Bob Edgerton and Herb Russel.

Mrs. Irene Larsen, Mrs. Jennie Nagal, Mrs. Marie Stephenson and Mrs. Vi Hagen, entered the ladies' bonspiel in Vulcan last weekend.

Mr. and Mrs. Clarence Mote were last Friday overnight guests at the home of Mr. and Mrs. Doug Motter in Calgary. On Saturday they visited at the home of Mr. and Mrs. Bill Havery; and in the afternoon they all visited Mrs. Jess Gothard who is a patient in the High River Hospital, bringing a birthday cake to celebrate Mrs. Gothard's birthday.

### Ladies' Aid Meeting

The Ensign Ladies' Aid meeting was held at the home of Mrs. Ollie McFadden with four visitors and ten members answering the roll call.

A motion was made to send a donation to the polio fund. Mrs. David Ruark entertained by reading a number of helpful household hints. The surprise box was donated by Mrs. Elaine Hall and won by Mrs. Harold Bride.

The next meeting will be held at the home of Mrs. Alec Hagen.

Chances are you'll never tie up alongside C.S.L.'s flagship T. R. McLagan at your Imperial Esso service station. But she's an Imperial customer all the same and an important one as far as you are concerned.

**How ships like this giant grain carrier help Imperial keep the cost of gasoline down**

The fuel used by the T. R. McLagan is a thick, heavy, black oil—quite different from the light volatile gasoline your car needs.

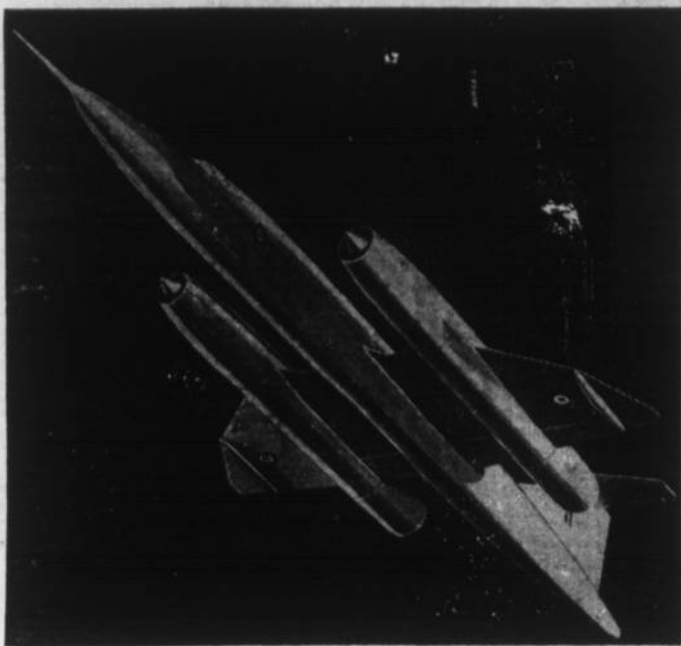

If gasoline were the only product made from crude, it would cost much more to produce. Instead, research and refining specialists in companies like Imperial have developed ways to utilize all parts of the crude, from light gases for making plastics, for example, to heavy asphalt for pavement.

In between are hundreds of other products, like the oils, greases and fuel used by the T. R. McLagan and the lubricants for your car.

Imperial's efficiency in getting everything out of the crude oil means the prices of all products are low. That's one reason government figures show that in the last five years the average price of things people buy has gone up nearly 16 per cent, while gasoline has actually gone down about half of one per cent.\*

**Group Discussion Workshop**

A Milo district couple, Fran and Ross Bertrand, attended a Workshop on Group Discussion and Reporting, conducted in Edmonton Jan. 21-22 by Floyd Griesbach, Educational Director of the Farmers' Union and Co-operative Development Association.

Among those attending the workshop were a cross-section of Alberta rural people who had taken a two-week Leadership Technique course in Banff last fall. Mr. and Mrs. Bertrand were members of this group which, following the Banff course, had been asked to hold a series of three meetings in their various districts, making use of group discussion and reporting. As topics for these discussions, they used the Monday night Farm Forum broadcasts. Those organizing the meetings then met in Edmonton at the Workshop to report, to discuss and to study.

Mr. and Mrs. Bertrand found both the course and the workshop very worthwhile.

Mr. and Mrs. Don McCord and Dawn Mae, also Jack Edwards, accompanied Mr. and Mrs. George McMorris and Wendy to Mossleigh to watch the Pee Wee hockey game where Leonard and Gary were playing. Leigh Richardson took the boys to Mossleigh in his school bus.

Freddie Zaytsoff and Arthur Nelson and Kenneth and David Nelson of Queenstown were among the senior hockey team who played following the Pee Wee game. Mrs. A. Nelson and boys attended the game and accompanied Mr. and Mrs. Healey of Vulcan to Mossleigh.

**World of Wheat**

(By W. G. Malaher)

**Making Sure of One's Seed**

Because of the very adverse weather conditions that existed last fall, it was to be expected that a fair quantity of the grain which was harvested would be unsuitable for seed in 1960. Tests made at various seed laboratories during the past two months have confirmed that this is the case.

Results from one laboratory, where some 1600 samples had been tested up to Dec. 31, showed that a fairly high proportion of farmer's samples received from northern areas in both Saskatchewan and Alberta germinated below 75 per cent and that a good many are considerably below this level. Wheat tended to show up somewhat better than coarse grains but, generally speaking, there did not appear to be too much difference percentage-wise in the relative performance of the different kinds of grain.

These results point up very clearly the need to have a reliable germination test made of all grain that is intended for seed in 1960. Seed laboratories are well equipped for the purpose since, among other things, they are able to break the dormancy of seed by pre-chilling methods—something that is not possible in a simple germination test made at home.

There is often a tendency to leave the testing of seed until the last minute and since the capacity of the various laboratories is limited, farmers are urged to forward their samples at an early date to avoid possible disappointment through not obtaining results prior to seeding operations.

You are what you think you are.

**WINTERTIME is SERVICE TIME for WISCONSIN ENGINES**

**We Carry ORIGINAL FACTORY PARTS**

It's just plain habit for Wisconsin Engines to run on and on year after year, because of their sound engineering design and heavy-duty features of construction.

But, like a fine watch or fine car, Wisconsin Engines do require servicing... mostly cleaning... and worn parts occasionally must be replaced. Have this done during the slack season in the winter while your engine is idle or handling only part time work.

Like most wintertime chores, a check-up now pays off next summer when work is at its peak.

As an Authorized Wisconsin Engine Dealer, we carry a complete stock of ORIGINAL FACTORY PARTS for all Wisconsin Engines. And all of our servicemen are trained... assuring you of the best possible overhauls by the latest factory approved methods, and relieving you of the work as well, if you prefer.

We are at your service... and we can give you efficient service. Bring in your WISCONSIN Engine, either for cleaning and tune-up or for a complete overhaul, if that's what it needs.

HIGH CLEARANCE  
DRILLS**

1. Seed down to moisture without covering the seed too deep... no dry soil or stubble is worked in with the seed.
2. Give more positive, more even germination than any other drill. This means even ripening and earlier harvest.
3. Seed through more stubble and leave better stubble protection for the seed. No wind damage.
4. Remove heavy stubble and trash from drill row, so it will not shade and stunt the young seedlings.
5. Have extra strength for rugged work on rough or stony ground.
6. With each Noble Drill you get the best packers made, built into the drill — packers that follow immediately in the drill rows where packing should be done.
7. These important features are making for better yields wherever Noble Drills are used. Better yields and even ripening are particularly noticeable in dry seasons, when compared with other seeding methods.

### Smallest Town

Politics in a small town may be regarded with contempt or indifference by the politicians of larger communities or those who play their parts on the international stage. The feeling of superiority may not exist in those who have begun their practical careers on the small-town level, running for office as school trustee or alderman. They know that politics are people and that the measures they may advocate, no matter how good they may be in intention, can succeed only when they command the support of a substantial majority of the electors.

In contrast, the candidate for office in a large city has less need to worry about what the voters think of him. The small-town candidate will be known and judged by everyone in town. The city candidate will come in personal touch with only a few of his constituents, and most of those will be his supporters anyway, preconditioned to accept any plans he may make or support for the general good, as he sees it.

Still further removed from the direct influence of public opinion is the Ottawa member of parliament. Unless he is in the cabinet he has little chance of helping to form governmental policy. His job is merely to support the policy, if he belongs to the government party, or oppose it, if he belongs in the opposition. His constituents make allowances for his lack of power, and do not hold him to personal account for supporting measures that will increase their income taxes. If he were a town alderman, voting on a bond issue that would add a few mills to the local tax rate, they would be readily vocal in demanding good justification for the expenditure proposed.

It would be impractical to attempt to manage the nation's business as if it were that of a small town. Still, there is something to be said for getting more of the small-town point of view into national affairs. If members of parliament were as careful to question government estimates of expenditure as they would question estimates for local paving contracts, their constituents might feel they were getting the kind of representation they had voted for. In time, if the practice were kept up, some government economies might be the result.

The smallest town is the best governed, so long as it doesn't grow.

## Care Of Seed Grain Important

Measures should be taken now to set aside the most satisfactory grain for use as seed, says A. M. Wilson, Field Crop Commissioner, Alberta Department of Agriculture. In the process of harvesting damp and tough grain farmers should be mindful that every effort should be made to save grain that will be suitable for planting the 1960 crop.

It is not just a matter of selecting the best grain to be held for

planting, it is also a matter of putting it into safe storage and in such a place that it can be shovelled over or moved periodically should it be damp or tough. Some farmers may be unfortunate enough not to have grain that will be satisfactory for planting. In such a case one should not overlook the possibility of exchanging feed grain for grain that will be satisfactory for seed. Frequently grain harvested under the present moisture conditions contains weed seeds or plant material that contain even more moisture than the grain. If such is the case, early cleaning would be desirable so this wetter material can be removed.

Whatever storage is used, the bins should be well cleaned in as much as grain beetles of one kind or another, or mites, survive under adverse storage conditions. The cleaning will also make the grain less liable to insect damage, particularly from grain mites, because they build up more in areas where grain dust accumulates. Mr. Wilson recommends that cleaning now will avoid problems that may arise later.

**NEW ROAD TO ROME:**— First all-Canadian air service from Canada to Rome will be inaugurated March 4, by Canadian Pacific Airlines' jet-prop Britannias flying the direct, sunny, southern route from Toronto-Montreal to Rome. The Eternal City has more than ever to offer the tourist in 1960 as it is the site of the Olympic Games. However, there is more than athletic displays to lure the tourist.

A few examples are: (centre left) The Arch of Titus, erected to commemorate the victory of Titus over Jerusalem in 70 A.D., and behind it, the Colosseum, finished in 80 A.D., a vast arena which could hold 50,000 spectators. They are the two most important monuments remaining from the era of the Flavian emperors.

(centre right) the famed Spanish Steps, one of the most characteristic and romantic spots in Rome. They were built in 1725. (bottom) St. Peter's in the Vatican is the largest of Christian churches. Begun in 1506, it was finished 120 years later. Michelangelo designed the tremendous dome. The Basilica and adjoining Vatican house many art masterpieces.

### MOSSLEIGH

The annual congregational meeting of the Mossleigh United Church was held on Jan. 19, with a good attendance. Howard Tharlie and Mrs. J. Devolin were elected to the board of stewards. Reports were read from the church board, the Sunday School and the Women's Association. R. Clemens, R. Hurl and Mrs. J. Leslie were appointed to set on a committee to investigate the cold air vents on the furnace. Change in time for church service was discussed.

The High School basketball teams played Arrowwood teams here, Friday night and Arrowwood was victorious.

The Senior Boys hockey team played two games this week, the first in Arrowwood and lost 3-2. The second game was in Blackie and once again were defeated 3-2.

### LINE ELEVATORS OPPOSE FREIGHT RATE INCREASE

Line Elevators will appear before the McTague Royal Commission on Transportation at Ottawa to insist that the rights of their customers, numbering some 150,000 farmers, be preserved under the Crow's Nest Pass Agreement, and will oppose any increase in freight rates on shipment of grain to market. Cecil Lamont, President of The North-West Line Elevators Association, stated. Mr. Lamont, accompanied by Mr. R. G. Brian Dickson, Q.C. who will act as Counsel for the Line Elevator Companies, and Mr. A. J. McKiehan, Assistant Counsel, are now in Ottawa appearing at the Commission hearings on grain rates which commenced December 4th.

Lamont said that the Line Elevator Companies felt the farmer was now receiving an unreasonably low return for his grain and any increase in freight charges would make him less competitive in world markets. Counsel for the Association has been employed for several weeks in studying the case filed with the Commission by the Railways.

The Line Elevators' Association represents the owners of 2,550 line country elevators located throughout the prairie provinces and the operators of terminal elevators at the Lakehead and Vancouver with a capacity of 53,736,500 bushels.

R. F. COMSTOCK, representing the Consulting  
Engineers, Stanley, Grimbly & Roblin Ltd.Also—A representative from the Division of  
Sanitary Engineering, Department of Public  
Health.VILLAGE OF LOMOND  
SYNOPSIS OF BY-LAW NO. 161This By-law provides for the issuance of debentures of  
the Village in the sum of \$79,400.00, for the purpose of pro-  
viding a water supply and distribution system for the Village.The By-law authorizes the Council to enter into con-  
tracts for the installation of the said system, and for such pur-  
pose to issue debentures of the Village in the sum of \$79,400.00.The sum of \$45,462.00 is to be charged by way of special  
assessment for local improvements against all properties  
abutting the streets or avenues wherein the said water system  
is to be installed, payable at an annual rate per front foot of  
frontage of 47 cents, payable for a period of Twenty (20)  
years. The balance is borrowed on the credit of the Village at  
large and provision is made for the levying of annual rates on  
all taxable property in the Village to provide for the annual  
payments on the said sum after crediting annual net revenues  
from the operation of the said system.The debentures are to be dated as may be appropriate  
having regard to the date of the borrowing and are to be pay-  
able in Twenty (20) annual instalments of principal in each  
of the years 1961 to 1980, inclusive, with interest at a rate not  
exceeding Seven (7%) per cent per annum.

## Bethany Lutheran W.M.F.

The January meeting was held  
in the church basement with Mrs.  
K. Pedersen as hostess and was  
opened with the hymn, "Take My  
Life and Let It Be." Pastor Fos-  
ter gave the devotional with the  
study of the Gospel of Mark, fol-  
lowed by a prayer.The roll call was answered by  
ten members with turning in of  
self-denial envelopes. The minutes  
of the November and December  
meetings were read and approved.  
The treasurer's report was also  
read and accepted. There was con-  
siderable correspondence read and  
discussed. There were also "thank  
you" notes from members who had  
received gifts of flowers, etc.The members are buying a pro-  
pane cook stove for the basement  
kitchen, which will be installed  
shortly and will be handy for mak-  
ing lunches when any meetings  
are held. We would like to remind  
the members that there are a num-  
ber of things needed for our kit-  
chen. Please bring anything you  
think handy for roll call at the  
next meeting on Feb. 20, when  
Mrs. Norman Foster will be  
hostess.The meeting was adjourned with  
the hymn, "Rock of Ages" and the  
"Lord's Prayer" in unison. A very  
lovely lunch was then served by  
the hostess and her assistant, Mrs.  
Ann Johnson.Pulp is the raw material of  
the paper, rayon and cellophane.Birthday Club was held at the  
home of Mrs. Foreman on Jan. 14.  
There were 13 members present to  
answer the roll call with an ex-  
change of preserves, pickles or  
such. There were two visitors pre-  
sent.The secretary reported on a very  
successful quilt raffle and dance  
on Dec. 28. The card parties con-  
tinue to be quite well supported  
and it is hoped the good attendance  
will continue. A card of thanks  
was read from Mrs. Tom Teasdale,  
an honorary member, for a birth-  
day gift she had received. A dona-  
tion of \$10 was voted to the  
"March of Dimes." The secretary  
was instructed to write for infor-  
mation and correspondence to aid  
in obtaining topics for monthly dis-  
cussion.Mrs. Ensign was the lucky win-  
ner of the raffle. A contest of  
"Hidden Fruit" was presented by  
Mrs. Zuba, acting in place of Mrs.  
Foreman and Mrs. Crawford was  
the lucky winner of the contest.The roll call for the February  
meeting is to be a hand-made  
Valentine for each member's Sun-  
shine Friend. Those to bring cake  
to the February meeting were Mrs.  
Hones, Mrs. Hamum and Mrs.  
Johnson.Assisted by her committee the  
hostess served a delicious lunch to  
bring a pleasant afternoon to a  
close.Pulp is the raw material of  
the paper, rayon and cellophane.

VILLAGE OF LOMOND  
SYNOPSIS OF BY-LAW NO. 160This By-law provides for the issuance of debentures of  
the Village in the sum of \$38,800.00, for the purpose of provid-  
ing a sewer and sewage disposal system for the Village.The By-law authorizes the Council to enter into con-  
tracts for the installation of the said system, and for such pur-  
pose to issue debentures of the Village in the sum of \$38,800.00.The sum of \$28,997.00 is to be charged by way of special  
assessment for local improvements against all properties  
abutting the streets or avenues wherein the said sewer system  
is to be installed, payable at an annual rate per front foot of  
frontage of 30 cents, payable for a period of Twenty (20)  
years. The balance is borrowed on the credit of the Village at  
large and provision is made for the levying of annual rates on  
all taxable property in the Village to provide for the annual  
payments on the said sum after crediting annual net revenues  
from the operation of the said system.The debentures are to be dated as may be appropriate  
having regard to the date of the borrowing and are to be pay-  
able in Twenty (20) annual instalments of principal in each  
of the years 1961 to 1980, inclusive, with interest at a rate not  
exceeding Seven (7%) per cent per annum.

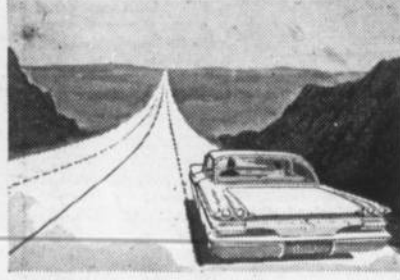

## NOTICE

The above is a true synopsis of a proposed by-law of the  
Village of Lomond which has been introduced and which will  
be finally passed by the Council within four weeks from the  
assent of the proprietary electors thereto.Monday, the 15th day of February, 1960, at The Village  
Office, in the Village of Lomond, has been fixed by the Council  
as the time and place for taking the vote of the proprietary  
electors thereon and the poll will be open for such purpose  
between the hours of 10:00 o'clock in the forenoon and 7:00  
o'clock in the afternoon.DATED at the Village of Lomond, in the Province of  
Alberta, this 15th day of January, 1960.R. E. CHAPMAN

BRITAIN'S MARY BIGNALL holds a picture of herself in a long jump event while at a dinner at the Waldorf Hotel, London, where she was voted "Sportswoman of the Year" for 1959 by British sports writers.

Mary Bignall won the eighty metres hurdle and the 100 metres sprint and came third in the high

jump during the recent athletics match at Rome's Olympic Stadium—scene of the Games next August. Mary becomes the first woman in the world to win a double Olympic qualification. She has decided that she will make her Olympic challenge in the 100 metres and the long jump.

## District News

### BRANT

Mr. and Mrs. Hugh Brown, daughter Ruth and son Emerson, and his family visited with the Lawson family on Sunday. Ruth Brown showed some interesting pictures of her trip to Europe.

Bob Gothard and Jess Gothard were Calgary visitors on Wednesday, Jan. 20.

Congratulations to Mr. and Mrs. Bill Holoboff on the birth of a daughter on Jan. 21, in the High River Hospital.

Mr. and Mrs. F. W. Burley and Mr. and Mrs. R. D. MacDonald left on Monday for Osoyoos, B.C., to curl in the bonspiel there and to visit with Mr. and Mrs. Reuben Soll.

Jim McKay left on Tuesday morning to accompany his grandmother Mrs. H. Green of High River, on a five-week trip to North Carolina and Florida.

Ice has been made in the curling rink and a green bonspiel started on Monday with 13 rinks competing.

#### Guide, Cub or Scout?

In your family, is there a Guide, a Cub, or a Scout? If so you will soon be receiving a card from the local association of Scouts and Guides, of which you are a member. Your return of one dollar fee will be much appreciated by your executives, whose duty it is to meet the financial obligations of

the group.

The following are the yearly dues paid out:— (1) For each Cub and Scout for fees to the High River District Council, \$1.00 per year. (2) For each Cub and Scout, a provincial fee of \$1.00 per year. (3) For each Cub, Scout and Leader, insurance 16 cents per year. Registration fees of \$1.00 per Cub and \$1.00 per Scout are paid by the children individually, through their leader.

Each town or local association pays \$10.00 per year toward training expenses for the province.

A registration fee of 90 cents is paid by the Guides and Brownies themselves and the local association pays insurance at the rate of ten cents per Guide, Brownie and leader, seventy-five cents per Guide and Brownie as fees to the High River Division.

Other expenses taken care of by the association are fuel bills for the Scout hall, partial cost of leaders' uniforms, camping and working equipment.

Your co-operation will be appreciated. The Brownie Pack are still without a leader. Are there no offers of assistance here?

### \*to see the "Face of Service"

Put yourself in Mr. Brown's place — haven't you ever wondered about your electric bill? What services it represents? Mr. Brown has wondered, and his daughter, Dianne is curious, too. Mrs. Brown, working in that comfortable all-electric kitchen is probably more interested in the results of her electric cooking than in the

source. She's interested in people, though — she likes to know who they are and what they do. So, we at Calgary Power have arranged to take this family on tour. We want to show them our company from beginning to end, how it works, what it does. More important, we want them to meet the people who make it work. Join their tour, on this page, in the months ahead.
